1 WHEREAS, Since 1987, when Congress authorized the  
2 establishment of a national registry of volunteer bone marrow  
3 donors, the National Marrow Donor Program (NMDP) has  
4 facilitated more than 40,000 marrow and cord blood transplants;  
5 and

6 WHEREAS, The NMDP states that the number of transplants  
7 facilitated through the national registry is “only a fraction of the  
8 people who can benefit”; and

9 WHEREAS, One of the leading hurdles cited in a report by the

5 from racially and ethnically diverse backgrounds; and

6 WHEREAS, There is a need to enhance the understanding of  
7 the importance of bone marrow donation, and to encourage  
8 Californians to participate in bone marrow donation drives; and

9 WHEREAS, The NMDP operates the Be The Match Registry,  
10 the world's largest and most diverse registry of potential bone  
11 marrow donors; and

12 WHEREAS, There is a need to support programs that reduce  
13 search time for patients and fully type donors whose tissue  
14 compatibility types are less common; and

15 WHEREAS, The bone marrow registration process is simple.  
16 It only takes a few minutes and requires a cheek swab; now,
